

TinderBox ProposeTM

Create and track your sales proposals online. Use TinderBox Propose to create online, trackable sales proposals anywhere, from any device. Now you can create beautiful sales proposals with just a few clicks. And if you use one of the leading CRM systems you can do all of this without leaving CRM. Then use proposal analytics to measure the impact of your proposals and content in your market. Close deals faster than ever before with TinderBox.

Online Proposals

Create online, trackable sales proposals

Proposal Automation

Generate sales proposals anywhere, from any device

CRM Integrated

Automatically personalise sales proposals with a click

Proposal Analytics

See what content closes deals faster

TinderBox helps our sales team speedily follow up all our sales engagements with relevant, customer-specific, cloud-based beautiful content. TinderBox is helping us keep our prospects with us all the way to deal closure.

Sales Proposals that Work

Use what you know about a prospect to automatically create winning sales proposals without ever having to leave CRM.

- Power Proposals Entirely Online - Make it easy to quickly create, deliver and track online sales proposals that close deals
- Get to Yes Quicker - Make it easy for prospects to review, comment and accept sales proposals from any device, anywhere
- Integrate with Salesforce - Automate personalised sales proposals by connecting TinderBox with your CRM system

Deliver Great Proposals Faster

Make it easy to deliver the best sales proposals using technology – not gut instinct – to quickly and consistently build unique sales proposals for every prospect, every time.

- Impress Your Prospects - Automatically create consistently branded proposals that include unique videos, case studies and pricing
- Sell Smarter - Improve follow up with insight and analytics that identify what prospects viewed and for how long
- Choose the Industry Leader - Customers have named TinderBox the #1 Sales Proposal Software on G2 Crowd

Improve Sales Productivity

Spend more time selling and less time creating sales proposals with a central content library that makes it easy to identify and use the content you need to sell.

- Connect Your Tech - Integrate TinderBox with CRM, eSignature, CPQ and others to eliminate manual re-keying of data
- Receive Instant Alerts - Receive real-time mobile and email alerts anytime a sales proposal is viewed or forwarded

TinderBox is at the forefront of a revolution in sales productivity tools. At last the Sales team has a tool as powerful as the intelligent Marketing tools that have emerged over the past five years or so.

Our value proposition is unique in the marketplace. But once our prospects understand our unique value add we are well on our way to making the sale. But the hard bit is keeping the prospect with us long enough for them to see that our offer really is unique. This is where TinderBox [CRM-based sales automation system] comes in. From the very first telephone contact through to signed contract, TinderBox helps our sales team speedily follow up all our sales engagements with relevant, customer-specific, cloud-based beautiful content. TinderBox is helping us keep our prospects with us all the way to deal closure.
